

Title:

Business Sales Performance Analytics Report

Objective:

Analyze sales data to identify revenue trends, top-selling products, and regional performance.

Insights:

- Laptop category generated the highest sales revenue.
- Mobile products showed consistent sales performance.
- Headphones generated the lowest revenue among products.
- South region contributed significantly to total sales.

High-value products like laptops drove overall business growth.

Recommendations:

Focus on promoting laptop sales.

Improve marketing for low-performing products.

Expand sales strategies in high-performing regions.
